**Subject:** BRI at Randwick Council events

Hi Mytch,

I just emailed Darren but I thought I should email you too given you're the big boss.

I wanted to pass on our thanks and compliments to you and your staff. We have been involved with BRI for a number of events now and the guards have been fantastic. Darren is so great to work with and I feel very comfortable with him and his knowledge of our events and security. He has gone out of his way to attend meetings with us as well as attending one of our events in his own time. It was a lovely gesture and great to see him there, he's definitely an asset.

The guards we have met have always been very helpful, switched on and a pleasure to work with. Scott and Matt are particularly nice guys. It has been noted at a senior level by Council Directors that our guards are of a very high standard. I have worked in events for a while and I know there are security guards ranging in ability and BRI is up there with the best.

Thought I should pass on my thanks to you and the team - it's been great working with you so far and looking forward to more events in the future.

Kind regards,

Katie Griffith
