Dear Adam,

Firstly, I would like to tell you that Mohammad is providing the Library at Parramatta with excellent service! He is a very firm with the students and has already made an impact on the noise and behavioural issues in the library. I am aware that the majority of his time with has been through the break however, there has been a steady stream of students through the doors and he is certainly making his presence felt. I believe that there is a glimmer of hope now.....

.....Could you please pass on our appreciation of Mohammad's good work to Con and Mohammad.

Many thanks Adam and I hope you have a lovely weekend.

Cheers

Meg
